Chorus

Eb **Ebmaj9/D**
I lose, you win
Cm **Dm/Bb**
May a new chapter begin
Ab **Eb**
But I'll be missing your smile
Fm **Bb** **Bb7**
for a very long time

The memories I have
are all that is left
But I can't hold on forever
cause it's the last time we're together

And the snowflakes in your hair
make it hard to fight the despair
And your friendly smile
will surely hurt me
for a while

Chorus

I lose, you win
May a new chapter begin
But I'll be missing your smile
for a very long time

Bridge

Take your train
I'll take the pain
You start something new
I'll wait for other dreams come true
you wave good bye
Don't mind me cryin'
You start something new
I'll wait for other dreams come true

Chorus: 2x

You lose, you win
May a new chapter begin
But I'll be missing your smile
for a very long time

You lose, you win
May a new chapter begin
But I'll be missing your smile
for a very long time
long time

I lose, you win
